MILLER SPECIAL TOOLS

AN SPX BRAND

800-801-5420

*Your source for
Chrysler Jeep[®] Dodge
approved special tools.*

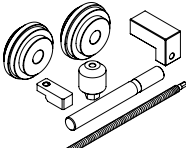

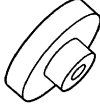

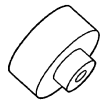

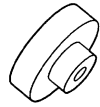

The tools for Jeep® Dana Axles featured here are an example of our commitment to providing you – the Jeep® off-road enthusiast – with the approved service tools for working on Dana 30, 35 and 44 Axles. Using the Miller Special Tools that have been specifically designed for axle service and repair will save you valuable time and effort and keep you going in your off-road adventures.

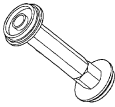

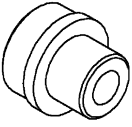

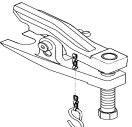

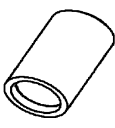

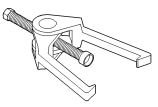

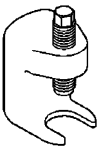

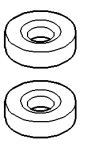

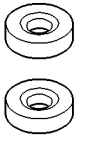

We at Miller Special Tools are very proud of our heritage and to have been servicing Chrysler Group LLC for over 95 years! Miller Special Tools continues to grow and fill the needs of today's off-roaders with high quality professional tools designed for getting the best performance out of your Jeep®.

The Dana Axle tools shown here are just a few of the hundreds of special service tools we have for not only Jeep® but also for the Chrysler or Dodge rides you might have in your garage. When your vehicle was new, the tools the dealership techs used were Miller Special Tools. Now these authentic service tools - the same tools that are called out in Chrysler's service manuals and bulletins – are available to you.

Visit millerspecialtools.spx.com today for the tools you need to get the job done right.
